

Second Circular

**Seventh China International Geo–Electromagnetic Workshop
(CIGEW)**

**Nov.10–14, 2005
Chengdu, P. R. China**

Chengdu in autumn is a fine place to be and we heartily look forward to seeing you here for the 7th China International Geo-Electromagnetic Workshop (CIGEW) to be held at Chengdu University of Technology (CDUT), Chengdu, P.R.China, Nov.10 14, 2005.

The CIGEW will not only provide an excellent platform to discuss Geo Electromagnetic issues and related development, but will also help to increase and further stimulate scientific research and the exchange of information among the academia, industries and other organizations. Besides the presentation of technical papers, we will also provide the service for technical exhibition and sightseeing tours.

Chengdu is one of the famous cities of historical and cultural interest in China and also in the world. During the meetings, we will arrange sightseeing tours for participants to the worldknown Dujiangyan

Seventh China International Geo–Electromagnetic Workshop

Irrigation Systems, Jiuzhaigou National park, Mt. Qingcheng and Emei, etc.

You still have until Sept. 30 to submit papers on the topics covering the EM themes. Both exhibition spaces and sponsoring opportunities are still available.

Sponsors and Organizers

◆ Sponsors

National Natural Science Foundation of China (NSFC)

The International Association of Geomagnetism and Aeronomy

(IAGA),

And the I-2 Working Group Committee

Ministry of Education, P.R.China

Institute of Geology, China Earthquake Administration, China

Institute of Geology and Geophysics, Chinese Academy of Science

Bureau of Geophysical Prospecting, China National Petroleum

Corporation

◆ Organizers

Chinese Geophysical Society

Chengdu University of Technology, P. R. China

Themes and Paper Submission

◆ Themes

Topic of this workshop is: “The Development and Application of Electromagnetic Methods in the 21st Century”. Any theory study or application achievements on EM fields can be presented, such as: MT, CSAMT, TEM, CSEM, GDS, DC, IP, GPR, NMR, GMS, AEM etc.

Following special reports and discussions will be held during the workshop:

(1) Theory Study: The theory and methods of 2-D & 3-D modeling and inversion on EM; Imaging Techniques of EM.

(2) Application Study: The technology and methods to improve the observation data quality, the application EM methods on deep structure detection, oil and gas prospecting, mineral exploration, engineering and environmental exploration, etc.

(3) Innovation Study: Warmly welcome any new methods, new techniques, new ideas on how to increase the resolution.

Seventh China International Geo–Electromagnetic Workshop

◆ Paper Submission

1. The “Abstracts of 7th China International Geo-Electromagnetic Workshop” will be printed, selected papers will be published on some EI magazines after the meeting.

2. Papers should meet the following requirements: no longer than 5 pages with A4 paper; the number of graphs should be less than 5.

3. Deadline: Papers should be submitted before Sept.30, 2005.

4. All the papers should use WORD, Email or mail to the following persons:

Li Caiming, Cheng Quan, Zhan Yi, Li Jun, Zhang Xutong, Xu Wenqi
Chengdu University of Technology
Chengdu 610059, P.R. China
Email: dqtc@cdut.edu.cn

Agenda

◆ Time

Nov. 10th to 14th ,2005. Nov.9th for the register

Morning of Nov.10th : Opening ceremony, special Lectures and forum

Afternoon of Nov.10th : Paper report (Oral)

Morning of Nov.11th : Paper report (Oral), Poster

Afternoon of Nov.11th Paper report(Oral) , Poster

Morning of Nov.12th : Special discussion, Poster

Afternoon of Nov.12th : Close ceremony

Nov.13th to 14th sightseeing (Optional)

During the workshop English is the only working language. No simultaneous interpretation will be provided. For those who really have difficulty in using English, they can apply for free interpreter service.

◆ Place

CDUT International Academic Exchange Center

Fee

1. Register fee: Members of SEG, AGU, IUGG: 300 US Dollars; others: 350 US Dollars; Students: 200 US Dollars.

2. Boarding and accommodation fee at your own expense.

3. Fee for sightseeing tours at your expense.

T1: Chengdu ---- Dujiangyan Irrigation System ---- Qingcheng Mountain

Seventh China International Geo–Electromagnetic Workshop

T2: Chengdu ---- Emei Mountain

T3: Chengdu ---- Jiuzhaigou National park

4. Warmly welcome all the companies exhibit their new products and new techniques, board will be provided, commercial presentation will also be arranged, certain amount of fee will be charged, people who are interested should contact the organizer(Tang Ji, Zhan Yan) in advance.

Workshop Committee

◆ Co - Chairmen

Liu Guangding (Academician, Honorary President)

Liu Jiaduo(Chairman)

Zhao Guoze, Yu Sheng , Wang Xuben (Executive Chairman)

◆ Organizing Committee

Wang Xuben
